## PRIVATE LAND MOBILE FREQUENCY COORDINATORS

### List of Frequency Coordinators Below 512 MHz

With the Implementation of the Refarming (See PR Docket No. 92-235, released March 12, 1997), applicants may, use the services of any frequency coordinator certified to coordinate frequencies in their pool of eligibility. Below is an updated list of frequency coordinators, and what frequency they may coordinate.

For frequencies in the 470-512 MHz band, applicants may use any frequency coordinator. For all other frequencies below 470 MHz, applicants must choose a frequency coordinator as specified below.
